Brief background to the conversion of the Emirates Dynamic Liquid Fund:

Emirates Dynamic Liquid Fund Limited (“**EDLF**”) was a hybrid investment solution that offered investors exposure to both Islamic money market instruments as well as sukuk. Through the restructuring of EDLF, two separate Funds were created, namely the Emirates Islamic Money Market Fund and the Emirates Global Sukuk Fund. As such the EDLF was converted into the Emirates Global Sukuk Fund on 21st April 2010 and therefore is no longer in existence.

The Emirates Sukuk Fund Number 1 Limited was launched on 10th March 2009 and consisted of the following share classes:

Emirates Sukuk Fund Number 1 Limited Sophisticated Investor Share Class (USD) – **“Sophisticated Investor Share Class”**

Emirates Sukuk Fund Number 1 Limited Institutional Share Class (USD) – **“Institutional Share Class”**

The fund was a four year closed-ended solution, developed to invest in sukuks issued in the MENA region. Following strong performance through the second and third quarters of 2009, the fund was closed on 17th November 2009 under advice from the Manager.

The Directors may without requiring shareholder consent authorise the creation of additional Share Classes and Sub-Funds. Details of such Share Classes and Sub-Funds will be supplied in the relevant Supplement to be read in conjunction with this Prospectus.

2.2 Investment Policy and Principal Features

The investment policy and principal features of each Share Class and its related Sub-Fund will be set out in the Supplements.

It is intended certain of the Sub-Funds will operate on a feeder fund basis feeding into the certain sub-funds of Emirates NBD SICAV (the “**SICAV**”). 4.6 Custodian

State Street Custodial Services (Jersey) Limited is the Custodian of the Fund.

State Street Custodial Services (Jersey) Limited was incorporated in Jersey on 26 June, 1989 as a private limited liability company with unlimited duration whose issued and paid up share capital (including share premium) is £4,000,000. The Custodian holds (either itself or through its agents or delegates) all the assets of the Fund (other than any real property where it is not possible to hold title directly) and documents of title to such assets but has no responsibility for selecting the investments of the Fund.

The principal business activity of the Custodian is the provision of custodial services to trusts and unit trusts, acting as a trust company undertaking trusteeship of collective investment funds, mutual funds and unit trusts and providing other fiduciary and corporate services.

The Custodian has been appointed by the Fund pursuant to an agreement dated 13th March 2012. Subject to the terms of this agreement, the Custodian may be changed at the absolute discretion of the Directors of the Fund or the Manager.

The Custodian is not responsible for monitoring Shari'a compliance

4.7 Other Fund Service Providers

Additional fund service providers will be appointed according to the requirements of each Sub-Fund. A list of such functionaries and the services to be provided by each of them is provided in the Supplements where relevant.

5 CHARGES AND EXPENSES

5.1 Subscription Charge

On subscription for any Participating Shares of any Share Class, the Directors have determined that the Manager may make a subscription charge not exceeding 5% of the Subscription Amount (or such higher percentage as may from time to time be agreed between the Manager and the Directors) to be retained for its absolute use and benefit. Any sum received as a subscription charge in excess of this amount shall be retained for the account of the Share Class to which the subscription relates. The Manager may rebate all or part of the subscription charge as it thinks fit.

The subscription charge currently applicable to any Sub-Fund and related Share Classes will be detailed in the relevant Supplement.

5.2 Redemption Charge

In respect of each Share Class the redemption charge will be such amount (if any) as may be set out in the relevant Supplement to which it relates.

5.3 Conversion Charge

In respect of each Share Class the conversion charge will be such amount (if any) as may be set out in the relevant Supplement to which it relates.

5.4 Periodic Fees and Expenses

Management Fee

The Manager shall be entitled to receive a management fee as set out in the relevant Supplement for the Share Class.

The Manager shall also be entitled to the performance fees set out in the Supplements.

Administration Fee

The Administrator shall be entitled to receive an administration fee as set out in the relevant Supplement for the Share Class.

Custodian Fee

The Custodian shall be entitled to receive a custody fee as set out in the relevant Supplement for the Share Class.

Fees and Expenses of other Functionaries

The fees and expenses of the functionaries appointed in respect of each Sub-Fund are set out in each Supplement as relevant.

Directors' Fees

The Fund will pay its Directors an appropriate market rate relative to their experience up to a maximum \$30,000, in addition to reasonable expenses incurred in the course of their duties. Fees may be amended from time to time at the discretion of the Directors of the Fund.

General Expenses

The Manager, the Custodian and the Administrator are also entitled to be reimbursed their out of pocket expenses properly incurred in the performance of their respective duties. The Fund will in addition meet all its own expenses including the costs and expenses of advisers, consultants, surveyors and other agents engaged on its behalf, commissions, banking fees, legal expenses, auditors and the costs of distribution of reports and accounts and similar documentation of shareholders.

The Fund is also responsible for all normal operating expenses including (but not limited to) audit fees (including Shari'a audits and periodic reviews), establishment fees (including professional expenses directly attributable to the set up of the Fund or any Sub-Fund), registration and certificate fees, legal fees, charges incurred on the acquisition and realisation of investments, costs of publication and distribution of prospectuses and annual reports, the publication of share prices and the costs and expenses of the Manager set out in the Management Agreement. Where possible such fees and charges will be allocated to the relevant Share Class to which they relate. The Manager is permitted, at its discretion, to rebate from its retained earnings part of any charges payable to it to other financial institutions in accordance with and in the circumstances set out in the Management Agreement.

As the holder of a certificate for the Company under the CIF Law, the Company has paid the Commission an application fee of £1,000. The Company is required to pay an additional £500 application fee for each new Sub-Fund created, after the date of this Prospectus. Annual registration fees payable to the Commission pursuant to the CIF Law are dependent upon the number of Sub-Funds created and are anticipated to be £3,000 in aggregate where the number of Sub-Funds does not exceed 9.

The Delegate Investment Manager and the board of the Fund and each Sub-Fund which is invested into the SICAV have taken all reasonable steps to ensure that the level of additional fees as a result of such investment are limited and that no double charging applies by companies within the Emirates NBD Group and all charges from major service providers to the relevant Sub-Fund are reduced. In line with industry norms, additional out of pocket expenses may be applicable but all fees from the underlying annual management charge of the Emirates NBD SICAV sub-fund will be rebated in full and the Administrator and Custodian have amended their charging structures to take into account the fee load for investors in the relevant Sub-Fund. The directors of the Fund and

the Manager are of the opinion that the fee arrangements that have been put in place are in the best interests of all investors and that investors will be in an equitable position if the Sub-Fund had invested into direct securities or underlying funds. Where there is a common director, these fees will be waived at the underlying sub-fund level or at the level that will create the most cost efficiency for the Sub-Fund.

5.5 Establishment Costs

The establishment costs of the Fund (including all legal, administrative and other expenses incurred in the negotiation and establishment of documentation and agreements relating thereto by the Fund) shall be borne by the Fund and amortised over a period of three years and reflected in the Subscription and Redemption Prices of the relevant Share Classes. The Directors of the Fund shall allocate such establishment costs to the Share Classes which it considers (in its absolute discretion) that they most properly relate.

5.6 Additional Share Class Costs

All costs related to transactions in the Fund and the Sub-Funds (brokerage fees and other charges and expenses) or incurred as a result of the establishment of any additional Share Class or Sub-Funds (including without limitation the legal and administrative fees of the Manager and Custodian in connection therewith) will be borne by the relevant Share Classes to which they relate.

6 NET ASSET VALUE (“NAV”)

The NAV of each Share Class will be determined in the relevant currency of that Share Class by the Administrator in accordance with the Articles of Association, at the relevant Valuation Point. All assets attributable to each Share Class or its related Sub-Fund will be valued in accordance with the valuation principles set out below and in the Articles of Association of the Fund:

- (i) Cash on hand and deposit and amounts receivable shall be valued at their principal amounts.
- (ii) Investments listed or dealt in on a securities market stock exchange money or foreign exchange market shall be valued at latest available market dealing prices on the principal market or exchange where such investments are listed or dealt in as determined by the Manager and where bid and offer prices are quoted at the mid or mean price.
- (iii) If no price quotation is available for any investment the fair value thereof shall be determined in such manner as the Manager, with the consent of the Custodian, shall approve.
- (iv) The last available valuation of property and other assets held in the relevant Share Class will be ascertained and all the liabilities attributable to that Share Class deducted from that figure. The Administrator will base the valuation of shares in a Share Class on the NAV per share for that Share Class and will undertake a valuation of the shares in the related Sub-Fund on the same basis. Real property

held by a Sub-Fund (whether directly or through an SPV) will be valued by an independent valuer by reference to the RICS Appraisal and Valuation Standards, Fifth Edition issued by the Royal Institution of Chartered Surveyors, or by such appropriate other means as the Manager considers fit at the time of such valuation.

- (v) Notwithstanding the foregoing the Manager may, with the approval of the Custodian, permit some other method of valuation to be used if it considers that such valuation better reflects the fair value of an investment.

The NAV of each Share Class and the NAV of the Participating Shares of each Share Class will be certified by a Director or authorised delegate of the Fund and such certificate shall be conclusive in the absence of manifest error. Where the Valuation Point is a Business Day which is not a working day in the United Arab Emirates, the relevant calculation of asset prices in accordance with the provisions of the section will be as the last working day in the United Arab Emirates before the Business Day.

Subscription Prices and Redemption Prices based on the NAV per share of the Participating Shares of each Share Class as at the most recent Subscription Day or Redemption Day (as the case may be) will be available on request from the offices of the Administrator during normal business hours and will also be published on www.emiratesnbd.com/assetmanagement.

7 ISSUE OF PARTICIPATING SHARES

7.1 Procedure

The procedure relating to applications for Participating Shares is detailed in the Supplements of the relevant Sub-Fund along with the applicable notice period required. Participating Shares of the Share Class applied for will normally be allotted to 3 decimal places, subject to the Administrator's acceptance of the application form no later than the close of business on the requisite number of days' notice as detailed in the Supplement following that Subscription Day. Any application received after close of business will be dealt with on the subsequent Subscription Day or as directed by Directors of the Fund or the Manager.

The Participating Shares of each Share Class will normally be available for subscription, except where a suspension of issues, redemptions and conversions has been declared, on each Subscription Day at the Subscription Price per Participating Share of that Share Class (together with the subscription charge referred to at 5.1 if any) calculated in accordance with the Articles of Association.

The Subscription Price is calculated on each Subscription Day by reference to the NAV, as at the Valuation Point, of the assets and liabilities attributable to that Share Class. To the NAV may be added an amount representing any charges and duties payable in connection with the subscription and the resulting figure is divided by the number of Participating Shares of that Share Class and rounded to 4 decimal places of currency in which such class is designated.

The terms on which and the price per share at which the first allotment of Participating Shares of any Share Class will be effected and the time of such issue will be determined by the Directors.

7.2 Money Laundering Prevention

As a result of anti-money laundering regulations, additional documentation may be required for subscriptions for Participating Shares. The circumstances under which it is required are complex and if you are in any doubt you should contact the Administrator. This information will be used to verify the identity of investors or, in some cases, the status of financial advisers. Please note that the Administrator reserves the right in all cases to request further documentation or information. **Failure to provide documentation may result in the rejection of an application or the withholding of redemption proceeds.**

7.3 Minimum Subscription and Dealing

The minimum initial subscription amount per investor will be as detailed in each Sub-Fund Supplement in respect of any individual Share Class or such other amount as the Directors may on a case by case basis determine (the “**Minimum Dealing Amount**”).

7.4 General

All applicants will be required to provide a declaration as to whether or not they are resident in Jersey and that (inter alia) they are not a US person and they have attained the age of 18.

Where any subscription monies are not an exact multiple of the Subscription Price per Participating Share of the Share Class applied for and any Subscription Charge in respect thereof, a fraction of a Participating Share will be issued. Fractions of shares are calculated up to 3 decimal places.

Title to Participating Shares will be evidenced by an entry in the share register of the Fund with all Participating Shares issued in non-certificated form or other such form as the Directors may decide from time to time.

The right is reserved by the Directors to reject any application in whole or in part.

8 REDEMPTION OF PARTICIPATING SHARES

8.1 Redemption Procedure

Participating Shares may be redeemed on any Redemption Day of the relevant Share Class. The procedure relating to the redemption of Participating Shares is detailed in the Supplements of the relevant Sub-Fund along with the applicable notice period required.

Unless otherwise directed by the Manager in its discretion, a request for redemption should be made by delivery of a request in writing (or by fax) to the Administrator specifying the number and Share Class of Participating Shares to be redeemed. Unless

the number of Participating Shares is specified a redemption request is taken to apply to all the Participating Shares held. Redemption requests may not be withdrawn unless a suspension of dealings has been declared in accordance with the Articles of Association of the Fund.

The Participating Shares of each Share Class will be redeemed at the Redemption Price per Participating Share of that Share Class ruling on the relevant Redemption Day calculated in accordance with the Articles of Association. The Redemption Price is calculated on each Redemption Day by reference to the NAV, as at the Valuation Point on the preceding Business Day of the assets and liabilities attributable to that Share Class. From the NAV may be deducted any amount representing any charges and duties payable in connection with the redemption and the resulting figure is divided by the number of Participating Shares of that Share Class and rounded to 4 decimal places currency in which such Share Class is designated. Where applicable the redemption charges set out in each relevant Supplement will be deducted from the redemption proceeds.

The Fund is not bound to redeem on any Redemption Day more than 5 per cent of the Participating Shares of any one Share Class then in issue. If the number of requests received exceeds that limit, the requests may be reduced proportionately. Any request not redeemed in full on the first Redemption Day following its receipt by the Administrator will be carried forward for redemption on each succeeding Redemption Day until it has been complied with in full. Any request so carried forward is complied with in priority to any requests received thereafter.

In addition, the Directors of the Fund have the discretion to limit redemptions on any Redemption Day to less than 5 per cent of the Participating Shares of any one Share Class then in issue, provided that the Directors of the Fund consider that to allow redemptions of up to 5 per cent would materially disadvantage the remaining shareholders in the relevant Share Class.

The Administrator may make an appropriate adjustment to the Redemption Price if, in order to meet requests for redemption, it is necessary to realise assets of the relevant Share Class immediately or to seek finance.

The Directors may refuse to accept a redemption request for part only of a shareholder's holding of Participating Shares of any Share Class where such request is either below the minimum redemption request limit or would leave a Shareholder with a holding less than the Minimum Holding Value. These limits are specified by Share Class in the relevant Sub-Fund Supplement.

Redemption of Participating Shares may also take place or be suspended in the circumstances mentioned below.

8.2 Suspension of Issues, Conversions and Redemptions

The Directors may declare a suspension of issues, conversions and redemptions of Participating Shares of any one or more Share Classes for the whole or any part of a period during which there is a closure of or the suspension of trading on any money or foreign exchange market or recognised stock exchange on which, in the opinion of the Directors, a substantial part of the assets attributable or referenced to a particular Share

Class (including the assets of the relevant Sub-Fund to which it relates) are normally traded or there is a breakdown of any of the means normally employed in ascertaining the value of investments or any other reason or circumstance exists which in the Directors opinion means that a valuation of assets cannot be made or, in the opinion of the Directors, the prices of all or some of the investments held or contracted for the account of any one or more of the Share Classes cannot reasonably be ascertained for any other reason or circumstances exist as a result of which it is not reasonably practicable to realise any investments held or contracted for the account of any one or more Share Class, or there is a suspension or restriction in the dealing redemption or repurchase of units or other securities in any other mutual fund or partnership invested in by any Share Class (or its related Sub-Fund) or the valuation of such mutual funds or partnerships has been suspended or is subject to restrictions or notice has been given or the Directors have resolved to give notice of an intention to redeem all of the Participating Shares of one or more Share Classes of the Fund or to seek approval from holders for such redemption. Where a suspension of issues, conversion and redemptions has been declared by the Directors subject to the provisions hereof, the terms of this Clause 8.2 shall take precedence over Clause 8.1 hereof.

Notice of any such suspension in respect of any Share Class will be given to any shareholder tendering his shares for redemption. Shareholders of such a Share Class will be notified promptly upon the termination of such suspension.

Applicants for Participating Shares and shareholders wishing to redeem or convert Participating Shares will be notified of the imposition and termination of any suspension and may withdraw their application and requests for redemption or conversion so long as such suspension exists. Unless withdrawn by the applicant, applications for subscription, redemption and conversion will be considered on the first Subscription/Redemption Day (as relevant) following the lifting of a suspension.

8.3 Compulsory Redemption

Participating Shares will be compulsorily redeemed or transferred if it comes to the notice of the Manager or the Administrator that (inter alia) those Participating Shares are owned directly or indirectly by any US Person or are being held in breach of any law or requirement of any country or governmental authority or any person who is not qualified to hold such shares by virtue of such law or requirement or ownership of those shares by any person will, in the opinion of the Fund's legal advisers, subject the Fund to adverse tax or regulatory consequences.

After the first anniversary of the first issue of Participating Shares by the Fund or of each relevant Share Class (as the case may be) the Fund has the right by giving notice to redeem (a) all outstanding Participating Shares if at any time the aggregate NAV of all the Share Classes on each Subscription Day for 2 consecutive months is less than USD30 million or currency equivalent and (b) all outstanding Participating Shares of all Share Classes feeding into the same Sub-Fund if at any time the combined NAV of the relevant Share Classes is less than USD4 million or currency equivalent (or at a level directors of the Fund consider is not economically viable to maintain Share Classes feeding into a particular Sub-Fund) for 2 consecutive months **PROVIDED THAT** in both cases such notice must be given not later than eight weeks after the expiry of the relevant 2 consecutive month period.

9 CONVERSION OF PARTICIPATING SHARES

Conversion rights between the shares of any Share Class will only apply when there are Participating Shares of more than one Share Class in issue. Shareholders may on any Redemption Day convert all or, subject to any applicable rules, part of their holding of Participating Shares of any Share Class (the “**Original Share Class**”) into Participating Shares of another Share Class (the “**New Share Class**”) by giving notice to the Administrator prior to the cut-off time on the number of Business Days as detailed in the Supplement preceding the Redemption Day on which the conversion is to take place (unless the Manager has indicated that a shorter delivery period will be accepted in respect of any Share Class). The share certificate (if any) for Participating Shares of the Original Share Class must subsequently be returned to the Administrator. Although conversion may take place without the share certificate as aforesaid having been returned, no share certificate for shares of the New Share Class will be despatched until the old share certificate is received by the Administrator.

Conversion takes place in accordance with the following formula:

$$\text{NSH} = \frac{\text{OSH} \times (\text{RP} - \text{CF}) \times \text{CCR}}{\text{SP}}$$

where	NSH	is the number of Participating Shares of the New Share Class
	OSH	is the number of Participating Shares of the Original Share Class in the conversion notice
	RP	is the Redemption Price of Participating Shares of the Original Share Class
	CCR	is the currency conversion rate between the currencies of denomination of the Original Share Class and the New Share Class (if applicable)
	SP	is the Subscription Price of Participating Shares of the New Share Class; and
	CF	is the conversion fee (if applicable)

The right to convert may be suspended where in the discretion of the Directors there is insufficient liquidity in the underlying assets of a Share Class or a Sub-Fund to which it relates in the circumstances mentioned above and is also subject to there being sufficient unissued share capital available to implement conversions. Where such conversion would cause the Minimum Holding to be breached in respect of a holding in the Original Share Class or New Share Class conversion of Participating Shares will be subject to the prior consent of the Directors.

Fractions of a share may be allotted on conversions where monies are less than the Subscription Price of one share of the New Share Class.

Except as specified herein a holder who exchanges Participating Shares in one Share Class for Participating Shares in another Share Class will not be given a right by law to reverse the transaction except as a new transaction.

Conversion from one Share Class to another may be regarded as a disposal and acquisition of shares for capital gains tax purposes in certain jurisdictions.

10 DIVIDENDS

Investors are referred to the relevant Supplement in respect of the distribution policy of each Share Class.

11 TAXATION

The following summary of the anticipated tax treatment in Jersey applies to persons holding Shares as an investment. The summary does not constitute legal or tax advice and is based on taxation law and practice at the date of these Particulars. Prospective investors should be aware that the level and bases of taxation may change from those described and should consult their own professional advisers on the implications of making an investment in, holding or disposing of Shares under the laws of the countries in which they are liable to taxation.

Jersey

The Comptroller of Income Tax in Jersey has confirmed that income of the Fund arising outside Jersey is exempt from Jersey income tax and that if dividends are paid by the Fund they may be paid without deduction of any withholding taxes to shareholders who are not resident in Jersey for Jersey income tax purposes.

No death duties, capital gains tax, gift, inheritance or capital transfer taxes are levied in Jersey. No stamp duty is levied in Jersey on the issue, transfer or redemption of Participating Shares held, but probate stamp fees may be payable at the rate of up to 0.75% of the value of the Jersey estate in the event of the death of the holder of Participating Shares.

If dividends are declared by the Fund, holders of Participating Shares resident in Jersey for Jersey income tax purposes will suffer deduction of tax on payments of dividends by the Fund at the standard rate of Jersey income tax for the time being.

The attention of Jersey residents is drawn to the provisions of Article 134A of the Income Tax (Jersey) Law 1961 which may in certain circumstances render such a resident liable to income tax on any undistributed income or profits of the Fund.

With effect from 1 January 2009 pursuant to the Income Tax (Amendment No.28) (Jersey) Law 2007, and the Income Tax (Amendment No.29) (Jersey) Law 2008, companies incorporated in Jersey are subject to a standard rate of corporate income tax of 0% with specified financial services companies subject to a special rate of corporate income tax of 10%. The Fund will be subject to a rate of corporate income tax of 0% as its business does not fall within the definition of a financial services company under the above laws. However, if the Fund's business should in the future change to become a financial services company as therein defined then it may be at risk of becoming subject to the special rate of corporate income tax of 10%. As a company subject to corporate income tax at 0%, the Fund will not be liable to pay any corporate income tax in Jersey under the current Jersey law.

As far as reasonably possible, it is the intention of the Directors to conduct the affairs of the Fund so that management and control are exercised in Jersey and that the Fund is not resident for tax purposes in any other jurisdiction.

EU Savings Tax Directive

On 3 June 2003, the European Union (“EU”) Council of Economic and Finance Ministers adopted a directive on the taxation of savings income in the form of interest payments (the “EU Savings Tax Directive”). From 1 July 2005, each EU Member State is required to provide to the tax authorities of another EU Member State details of payments of interest (or other similar income) paid by a person within its jurisdiction to or for the benefit of an individual resident in that other EU Member State; however, Austria, Belgium and Luxembourg will instead apply a withholding tax system for a transitional period in relation to such payments.

Jersey is not subject to the EU Savings Tax Directive. However, in keeping with Jersey’s policy of constructive international engagement, the States of Jersey has introduced a retention tax system in respect of payments of interest (or other similar income) made to an individual beneficial owner resident in an EU Member State by a paying agent situate in Jersey (the terms “beneficial owner” and “paying agent” are defined in the EU Savings Tax Directive). The retention tax system will apply for a transitional period prior to the implementation of a system of automatic communication of information regarding such payments to EU Member States. The transitional period will end only after all EU Member States apply automatic exchange of information and the EU Member States unanimously agree that the United States of America has committed to exchange of information upon request. During this transitional period, an individual beneficial owner resident in an EU Member State will be entitled to request a paying agent not to retain tax from such payments but instead to apply a system by which the details of such payments are communicated to the tax authorities of the EU Member State in which the beneficial owner is resident. The proposals do not apply to interest (or other similar income) payments to bodies corporate or non-EU Member State residents.

The Fund is not a “recognised fund” and hence should not be regarded as an undertaking that is equivalent to a UCITS authorised in accordance with EC Directive 85/611/EEC for the purposes of the bi-lateral agreements entered into by Jersey with the result that where the paying agent, as defined for these purposes, is located in Jersey the paying agent would not be required to retain tax from, or exchange information regarding, distributions made by the Fund and/or the proceeds of the sale, refund or redemption of Participating Shares in any Sub-Fund.

Moreover, the Company has been established as an ‘Unclassified Fund’ and hence should not be subject to the EU Savings Tax Directive.

Taxation in the United Arab Emirates

The following summary of the anticipated tax treatment in the United Arab Emirates (“UAE”) does not constitute legal or tax advice and is based on taxation law and practice at the date of these Particulars. Prospective investors should be aware that the level and bases of taxation may change from those described and should consult their own professional advisers on the implications of making an investment in, holding or disposing of Shares under the laws of the countries in which they are liable to taxation.

Corporate Income Tax

The UAE is comprised of seven Emirates (one of these is Dubai). Although there is no corporate tax legislation at the Federal UAE level, corporate tax legislation has been enacted in some of the Emirates. However, in practice, it is currently only enforced on foreign oil companies and branches of foreign banks. This treatment has evolved in practice and there is no specific legislation that grants an exemption from tax to non oil/banking entities. Theoretically, all corporate entities are liable to corporate income tax and there is no guarantee that the legislation will not be enforced on other corporate entities at some time in the future.

There is currently no specific capital gains tax legislation in the UAE and gains arising on the disposal of capital assets are taxed as part of taxable income (for tax paying entities).

Personal Income Tax

There are currently no personal income taxes in the UAE.

Withholding Tax

There are currently no withholding taxes in the UAE.

Stamp duty/transfer taxes

Apart from a stamp duty of 2% on property related transfers/purchases, there is no other stamp duty/transfer tax in the UAE at present.

This Prospectus does not address legal, regulatory or taxation issues outside of Jersey and UAE. Persons interested in purchasing Shares should inform themselves as to any tax consequences particular to their circumstances arising in the jurisdiction in which they are resident or domiciled for tax purposes in connection with the acquisition, ownership, redemption or disposal by them of any Shares. The conversion of Participating Shares may in some jurisdictions be a realisation for the purposes of capital gains taxation.

12 RISK FACTORS

12.1 Share Class Specific Risks

Potential investors are also directed to the specific risks which apply to the investment policy and profile to be pursued in respect of each Share Class and related Sub-Fund as set out in each Supplement if different to the below.

12.2 General

There can be no assurance that any Share Class or any Sub-Fund of the Fund to which it relates will achieve its investment objectives.

The past investment performance of the Manager cannot be construed as an indication of the future results of an investment in any Share Class. Potential investors should note

that there is no assurance that the services of any of the principal persons of the Manager may be secured on a permanent basis.

Potential investors should note that the investments of each Share Class and each Sub-Fund into which it invests are subject to market fluctuations and other risks inherent in investing in residential and commercial property, securities or investments of the kind and nature in which a Share Class invests and there can be no assurance that any appreciation in value will occur. In particular, the value of investments may be affected by uncertainties such as international, political and economic developments or changes in government policies. As the assets attributable to each Share Class will include a holding of shares in its related Sub-Fund, the above warnings apply to the investments held by the Sub-Funds also.

The value of investments and the income from them, and therefore the value of, and income from, Participating Shares of a Share Class can go down as well as up and an investor may not recoup the original amount invested in a Share Class. An investment should only be made by those persons who are able to sustain a loss on their investment.

Changes in exchange rates between currencies may also cause the value of the investments to diminish or increase. Depending on the currency of reference of each Share Class or of each class or series of shares, currency fluctuations may adversely affect the value of an investment. To the extent that there is any currency risk in a Share Class or Sub-Fund, the Manager may manage that risk in a manner compliant with the principles of the Islamic Shari'a.

An investor who realises Participating Shares of a Share Class after a short period may, in addition, not realise the amount originally invested in view of any initial charge made on the issue of the Participating Shares and any other charges payable in respect of such Share Class as set out in this document or the Supplements.

Potential investors should be fully aware of the restrictions on transfer of their shares in the Fund. The Participating Shares are unlikely to be registered under the securities laws of any jurisdiction and there will be no ready market for them. Investors may not be able to withdraw their investment by way of redemption or conversion between Share Classes in the event that dealings are suspended in the circumstances set out in section 8.2 or that the limits imposed on redemptions apply, or that there is insufficient liquid assets from which to pay the redemption proceeds.

The value of the assets attributable to a Share Class may be affected by uncertainties such as national, regional or international political developments, changes in government policies, changes in taxation, restrictions on foreign investment and currency repatriation, currency fluctuations and other developments in the laws and regulations of countries in which investment may be made. Furthermore, the legal infrastructure and accounting, auditing and reporting standards in certain countries in which investment may be made may not provide the same degree of investor protection or information to investors as would generally apply in major securities markets.

In the event of the Fund being unable to meet liabilities attributable to any particular Share Class out of the assets attributable to such Share Class, the excess liabilities may be met out of the assets attributable to the other Share Classes.

Risks associated with performance fees: Under any proposed performance fee arrangements, any performance fee paid may be payable on realised gains of the Fund or Sub-Fund or a combination of realised gains and unrealised gains. The performance fee will at all times only be payable on the basis of gains which have been confirmed by an independent valuation of the assets of the Fund or Sub-Fund. The Manager may be compensated for unrealised gains which may never be realised. Any performance fee arrangement may also create an incentive for the Manager to cause the Fund to make investments that are riskier or more speculative than would be the case in the absence of a performance fee arrangement. Investors may purchase Shares at different times and will, accordingly, recognise different amounts of profit and loss on their investments in the Fund.

Any performance fee payable to the Manager will be calculated on the basis of the return recognised by the Fund as a whole and will therefore reduce the NAV per Share equally, irrespective of the investment performance of an individual investor's Shares. Where a performance fee may be achieved without a high water-mark this effect may be further exacerbated.

Subscription payments must be received and accepted by the Administrator within 3 Business Days following the Subscription Day unless otherwise agreed by the Directors.

Investors should be aware that the Sub-Funds may invest in other assets in which a named counterparty to the Sub-Funds (or an Associate or company within the same group) may have an interest. This may lead to a potential conflict of interests where the Manager or the Discretionary Investment Manager may benefit from such allocations. Investments into such holdings should only normally be for EPM purposes but there is no guarantee that this is the case. Additional fees from any underlying transactions may cause a greater reduction in yield and this may, in turn, affect the net profit of any such transaction made by the Sub-Funds. In addition, investors' attention is drawn to the relevant Supplement for details on the fee rebate arrangements in place between each Sub-Fund and the corresponding Luxembourg Sub-Fund into which this feeds.

13 STATUTORY AND GENERAL INFORMATION

13.1 Corporate Structure

The Fund is an open-ended investment company with limited liability registered in Jersey on 9th June 2005 with Company Number: 90371 under the provisions of the Companies (Jersey) Law, 1991 (the "**Companies Law**").

13.2 Share Capital

The authorised share capital of the Fund is divided into 1,000 Management Shares of no par value and 1,000,000,000 Participating Shares of no par value. The Participating Shares may be divided into classes representing separate Share Classes according to currency or other description. 100 Management Shares were issued for cash and are held by or on behalf of the Manager.

Management Shares exist solely to comply with the Companies Law, which provides that no redeemable shares may be issued at a time when there are no issued shares which are not redeemable. The holders of the Management Shares are entitled to receive notice of General Meetings and to attend and vote thereat. Management Shares are not redeemable. In a winding up a holder of a Management Share is entitled to a return of paid up capital in accordance with their investment in the Fund.

Participating Shares may carry a right to dividends (if any) declared by the Fund. Each holder of Participating Shares is entitled, on a poll, to one vote for each Participating Share held. Fractions of shares will not be counted for the purpose of determining the number of votes of a holder of Participating Shares. In a winding up, each Participating Share has a right to the return of paid up capital and a right to share in surplus assets of its own Share Class. Prior to the issue of a Participating Share, the Directors will determine the currency of designation of such Participating Share and to which Share Class and Sub-Fund it shall be attributable. The assets and liabilities of each Share Class are maintained separately from all other Share Classes. Any asset or liability not attributable to any one particular Share Class will be apportioned amongst all Share Classes pro rata according to the NAV of each or in such manner as the Directors, with the consent of the Auditors, think fit.

The assets of each Share Class will be used to subscribe for shares in the designated Sub-Fund to which it is referenced. A description of the type of assets contained in each Sub-Fund is set out in the Supplements.

On a winding up as aforesaid, every share in a particular Share Class will rank *pari passu* for all purposes.

The Fund may be wound up summarily (a voluntary winding up) upon the passing of a Special Resolution to that effect at a General Meeting of the Fund.

13.3 Meetings and Reports

Registered holders of Participating Shares are entitled to attend and vote at General Meetings of the Fund and at any separate class meetings of holders of Participating Shares. The Annual General Meeting will be held in Jersey within 6 months after the end of the Fund's financial year. Other general meetings may be held at such time and place as the Directors may determine and may also be requisitioned by such holders of not less than one-tenth in nominal value of the relevant shares in accordance with the Companies Law or at the request of the Custodian.

The accounting date of the Fund is 31 March in each year, the first such accounting date being 31 December 2005. Copies of the annual report containing the audited financial statements of the Fund in respect of the preceding financial year will be sent to the registered address of each shareholder or to each shareholder by whatever manner notified to the shareholders from time to time within 5 months of the end of the accounting period (or the first-named of joint shareholders) at least 21 days prior to the Annual General Meeting. Interim reports will be sent to shareholders by whatever manner notified to the shareholders from time to time within 4 months of the interim accounting date. Copies of all financial information concerning the Fund are available on request from the Administrator.

13.4 Financing

All financings will be effected in a manner in keeping with the Islamic Shari'a at the Sub-Fund level (either directly or through the medium of an SPV) but such financings shall be restricted so as to secure (so far as they can do so by such restriction) that the financings of any Sub-Fund or an SPV shall not exceed the amount stated in each Supplement. Investors are directed towards each Supplement as to the likely requirements for and the levels of financing applicable to each Sub-Fund.

13.5 Indemnities

The Articles of Association contain provisions indemnifying the Directors, Secretary, Custodian, Administrator, Discretionary Investment Manager and Manager and other officers and servants of the Fund against all costs, losses and expenses which they may incur or become liable for by reason of any contract entered into or thing done by them or in any way in discharge of their duties, including travelling expenses otherwise than through their own individual wilful default, bad faith, fraud or gross negligence. The amount for which such indemnity is provided will attach as a lien on the property of the Fund and have priority as between the shareholders over all other claims. However, such indemnities shall only be effective in so far as allowed under the provision of the Companies Law. In addition, the Management Agreement, Custodian Agreement the Discretionary Investment Management Agreement and Administration Agreement (as defined below), and any other agreement made with functionaries as defined in the Supplement provide that the Manager, the Custodian, Discretionary Investment Manager, the Administrator and other functionaries (as the case may be) will be indemnified against loss or damage, suffered by them in the discharge of their duties under such agreements otherwise than through their own individual wilful default, bad faith, fraud or negligence.

13.6 Share Register / Share Certificates

Title to Participating Shares will be evidenced by an entry in the share register of the Fund. All Participating Shares will be issued in non-certificated form.

13.7 Directors' Remuneration, Service Agreements and Interests

- (a) Each Director is entitled to be paid remuneration for his services and such sum as shall be fixed by the Fund in general meeting. The Directors may also be reimbursed for expenses incurred in connection with the business of the Fund and may, if the Directors so determine, receive additional remuneration for special services to or at the request of the Fund. The aggregate emoluments of the Directors will be disclosed in the Fund's annual accounts.
- (b) Save as disclosed in sections 13.13 and 13.14 hereof, in relation to conflicts of interest, there are no service agreements in existence between the Fund and its Directors nor are any such agreements proposed.

- (c) Save as disclosed in sections 13.13 and 13.14 hereof, in relation to conflicts of interest, no Directors of the Fund have any interest, direct or indirect, in the promotion of the Fund or in any assets which have been or are proposed to be acquired or disposed of by, or leased to, the Fund since the date of incorporation of the Fund, and no Director of the Fund has a material interest in any contract or arrangement entered into by the Fund which is significant in relation to the business of the Fund.
- (d) A Director may act in a professional capacity for the Fund (other than as Auditor) and may receive remuneration for such professional services. A Director may also hold any other office or place of profit with the Fund (other than the office of Auditor) and may be a director, officer or member of any company in which the Fund may be interested.
- (e) A Director may contract with the Fund and no contract or arrangement made by the Fund in which any Director is in any way interested shall be liable to be avoided, but the nature of his interest must be declared at a meeting of the Directors.
- (f) A Director may not normally vote in respect of any contract in which he is materially interested (other than in respect of material contracts set out in section 13.9 or in the Supplement of the relevant Share Classes).
- (g) There is no share qualification for Directors.
- (h) There is no age limit for Directors.
- (i) A Director may be removed at any time by ordinary resolution of the Fund in general meeting.

13.8 Variation of Class Rights

- (a) Subject to the provisions of the Companies Law, all or any of the special rights attached to any class of shares for the time being issued may (unless otherwise provided by the terms of issue of the shares of that class) from time to time (whether or not the Fund is being wound up) be varied with the unanimous consent of the holders of the issued shares of that class or with the sanction of a unanimous resolution passed by such members at a separate class meeting of the holders of such shares provided that where no reply has been received in respect of a notice within 21 days of its despatch such non receipt shall be deemed to constitute acceptance in the case of a separate class meeting.
- (b) The rights attached to the Participating Shares of one class shall be deemed to be varied by any variation of the rights attached to shares of any other class or by the creation or issue of any shares (other than Participating Shares) ranking *pari passu* with or in priority to them as respects rights in a winding up or rights to dividend.
- (c) Subject to paragraph (b) above, the rights attached to any class of shares are (unless otherwise expressly provided by the conditions of issue of such shares)

deemed not to be varied by the creation or issue of further shares ranking *pari passu* therewith.

13.9 Material Contracts

The following contracts have been entered into by the Fund otherwise than in the ordinary course of business and prior to the date of this Prospectus and are or may be material:

- (a) Management Agreement dated June 2006 as amended and re-stated by an Amended and Re-Stated Management Agreement dated April 2010, between the Fund and the Manager (the "**Management Agreement**") whereby the Manager has been appointed, subject to the overall supervision of the Directors, to manage the Fund's business, investments and administrative affairs of the Fund with effect from 1st November 2006. The Manager shall be paid such fees as are detailed in Section 5 under 'Charges and Expenses'. The Management Agreement may be terminated by the Manager or the Fund on six months' notice. Shorter notice may be given in specified circumstances including material breach.
- (b) Custodian Agreement dated 13th March 2012, between the Fund, the Manager and the Custodian (the "**Custodian Agreement**") whereby the Custodian is appointed Custodian of the Fund in respect of each Sub-Fund as set out in the relevant Supplement. The Custodian shall be paid such fees as are detailed in Section 5 under "**Charges and Expenses**". The Custodian Agreement is terminable by the Fund or by the Custodian on six months' notice or on shorter notice in specified circumstances including material breach.
- (c) Discretionary Investment Management Agreement (Emirates Bank International PJSC) dated June 2006 as amended and re-stated by an Amended and Re-Stated Discretionary Investment Management Agreement dated 12th October 2012, between, the Manager, the Discretionary Investment Manager and the Fund (the "**Discretionary Investment Management Agreement**") whereby the Manager, with the approval of the Fund, has appointed the Discretionary Investment Manager to provide services on the selection, acquisition and holding of investments. This agreement is terminable by the Manager or the Discretionary Investment Manager on six months' notice or on shorter notice in specified circumstances including material breach.
- (d) Administration Agreement dated 13th March 2012, between the Manager, the Administrator and the Fund (the "**Administration Agreement**") whereby the Manager has, with the approval of the Fund, delegated certain of its administrative duties to the Administrator (including the provision of secretarial and registrar functions), as well of the Sub-Funds detailed in the relevant Supplement. The Administrator's fees shall be paid by the Fund or relevant Sub-Fund. This agreement is terminable by the Manager or the Administrator on six months' notice or on shorter notice in specified circumstances including material breach.

For the avoidance of doubt, the agreements stated above replace earlier agreements dated June 2005 to which Belgravia Asset Management Limited, the previous Manager to the Fund was a party. Subsequent to a resolution dated 1st May 2006, Emirates NBD

Fund Managers (Jersey) Limited replaced Belgravia Asset Management Limited as the appointed Manager of the Fund on 1st November 2006.

The Fund has a separate legal identity from the Manager and has a separate board of directors. If the Manager became insolvent, the Fund would have the right to replace it with another Jersey Manager with similar credentials. The insolvency of the Manager would, therefore, have no direct effect on the status or investments of the Fund.

If, in the event of the appointment of the Custodian or Manager terminating under the terms of the Custodian or Management Agreement (either at the discretion of the Directors of the Fund or for any other reason) no new Custodian or Manager (as the case may be) shall have been appointed within six months, an Extraordinary General Meeting of the Fund shall be convened at the request of the Directors, or the Custodian at which a Special Resolution shall be proposed to wind up the Fund. If such Special Resolution is not passed, no further Participating Shares shall be created, issued or redeemed.

The Manager, Custodian, Discretionary Investment Manager, Administrator and other delegates will have the benefit of certain indemnities which are provided for in the above referenced agreements. However, it should be noted that the Administrator, Custodian and Manager may change from time to time at the discretion of Directors of the Fund and subject to the relevant termination clauses in the supporting documentation.

13.10 Transfer of Shares

The Participating Shares are fully transferable except that in accordance with the Articles of Association the Directors may decline to register transfers of Participating Shares which are not fully paid or on which the Fund has a lien or if the transfer is not in the form required by the Articles of Association of the Fund. The Directors may also impose such restrictions as they think necessary (including in respect of transferability of Participating Shares) so as to ensure that no Participating Shares are held by any US Person or by any person in breach of the laws or requirements of any country or governmental authority which may result in regulatory, pecuniary, legal, taxation or material administrative disadvantages to the Fund or its shareholders.

13.11 Equalisation

Equalisation is permitted under the Articles of Association of the Fund. This means that Participating Shares purchased during an accounting period may contain in their purchase price an amount called equalisation which represents a proportion of the net income of the Share Class already accrued up to the date of purchase.

13.12 Winding Up

The Fund may be wound up with the approval of a Special Resolution (requiring a two-thirds majority) of shareholders of the Fund. In the event of a winding up, a liquidator would be appointed with authority to collect in the assets, pay the debts and liabilities

and then distribute the surplus assets of the Fund and each individual Share Class to the shareholders in accordance with their investment in the Fund.

13.13 Conflicts of Interest

The Directors, the Manager, the Custodian, the Administrator and the Discretionary Investment Manager appointed in relation to the Fund or companies with which any of them are associated may from time to time act as directors, manager, custodian, administrator or the discretionary investment manager or in relation to, or be otherwise involved in, other funds established by parties other than the Fund which have similar objectives to those of the Fund. It is therefore possible that any of them may, in the course of business, have potential conflicts of interest with the Fund or any individual Sub-Fund or SPV of the Fund. Each of them will, at all times, have regard in such event to its obligations to the Fund and will endeavour to ensure that such conflicts are resolved fairly. In addition any of the foregoing may deal as principal or agent with the Fund, provided that such dealings are carried out as if effected on normal commercial terms negotiated on an arm's length basis. The Manager or any of its affiliates or any person connected with the Manager may invest in, directly or indirectly, or manage or advise other funds or accounts which invest in assets which may also be purchased or sold by the Fund. Neither the Manager nor any of its affiliates nor any person connected with it is under any obligation to offer investment opportunities of which any of them becomes aware to the Fund or to account to the Fund in respect of (or share with the Fund or inform the Fund of) any such transaction or any benefit received by any of them from any such transaction.

Equally the Discretionary Investment Manager or any of its affiliates or any person connected with the Discretionary Investment Manager may invest in, directly or indirectly, or manage or advise other funds or accounts which invest in assets which may also be purchased or sold by the Fund. Neither the Discretionary Investment Manager nor any of its affiliates nor any person connected with it is under any obligation to offer investment opportunities of which any of them becomes aware to the Fund or to account to the Fund in respect of (or share with the Fund or inform the Fund of) any such transaction or any benefit received by any of them from any such transaction. In determining the NAV of the assets of any Share Class, the Directors may rely on valuations provided or attributed to any asset or liability by the Administrator.

13.14 Miscellaneous / Conflicts of Interest

- (a) The Fund has not established a place of business in Great Britain.
- (b) No share or financing capital of the Fund is under option or agreed to be put under option conditionally or unconditionally save as disclosed herein, no commission, discounts, brokerages, or other special terms have been granted by the Fund within the two years immediately preceding the date of this Prospectus in connection with the issue or sale of any share or financing capital of the Fund.
- (c) The Fund is responsible for all normal operating expenses, and charges incurred on the acquisition and realisation of investments. Such expenses, duties and charges will be allocated to the relevant Share Class to which they relate as set out in the Articles.

- (d) Save as disclosed in relation to conflicts of interest, no amount or benefit has been paid or given (or is intended to be paid or given) to any sponsor.
- (e) Fund Directors Gary Clark, Mark Creasey and David Marshall are also Directors of the Manager, to which fees are paid in respect of services in connection with the affairs of the Fund and/or any Sub-Fund.
- (h) As at the date of this Prospectus, the Directors of the Fund are not aware of any litigation or claims of material importance are pending or threatened against the Fund, however certain actions have been initiated in the United Arab Emirates against parties associated with the Fund in relation to the sale of the share classes comprising the Emirates Funds Limited Emirates Real Estate Fund. To date the Fund has not been joined as a party to such actions although in two actions Emirates Real Estate Fund Limited has been joined as a party. The litigation is not at such a stage as to allow the assessment of the reasonableness joining Emirates Real Estate Fund Limited and the likelihood that Emirates Funds limited may be joined as a party.
- (i) The nature of the right represented by Participating Shares is that of a share in the Fund.
- (j) The expenses incurred in the establishment of the Fund (including all legal and administrative costs) shall be borne by the Fund and amortised over a period of three years. The Directors of the Fund shall allocate such establishment costs to the Share Classes which it considers in its absolute discretion that they most properly relate.
- (k) The Directors of the Fund are permitted to invest in Sub-Funds of the Fund. The Directors also owe fiduciary and other duties to the Fund.
- (l) Emirates NBD Bank PJSC has, or may have, both a direct and indirect interest in the Fund or Sub funds, usually in the role of “seed” investor. This exposure may be adjusted from time to time depending on assets under management as well as risk appetite of the Emirates NBD Group.
